7	\$182	Combination of courses
8	\$208	Combination of courses
9	\$234	Combination of courses
10	\$260	Combination of courses
11	\$286	Combination of courses
12	\$312	Combination of courses
13	\$338	Combination of courses
14	\$364	Combination of courses
15	\$390	Combination of courses
16	\$416	Combination of courses

***College classes are all semester courses. All college students will register and pay for the courses each semester. For example in HS you will register/pay for the fall course (August) at LSC and register/pay for the spring course (January) at LSC.**

Cypress Lakes does have dual credit classes that are yearlong courses. That means you register and pay for the course only in the fall semester. These courses will not show up on your LSC spring course schedule, and credit/grade will be awarded in the spring semester. So if you registered for one of the courses below you will not receive a LSC grade for the fall semester (the LSC grade will be in the spring) and you will not have a bill for spring semester for that class.

List of yearlong DC classes at Cy-Lakes:

College Algebra MATH 1314
 Statistics MATH 1342
 Calculus I AB/AP MATH 2413
 Chemistry CHEM 1411 Non College Academy
 Physics I Physics 1401
 Physics II Physics 1402

Dual Credit Fall Payment Timeline

December 15th - Payment becomes available in students' MyLoneStar account.
 January 7th - Payments are due
